EMD should be deposited in the form of Challan to be originated from GRIPS Portal under Head of A/c 8443-
00-103-001-07 (Head of A/c Description – Earnest Money Deposit) of Finance Department, West Bengal and
remitted in favour of DFO, Jalpaiguri Division.

The Scan Copies of the following shall have to be uploaded in the Technical documents Folder:

- Copy of PAN Card.
- Valid up to date Professional Tax Clearance Certificate
- Up to date GST Return Certificate
- Up to date IT Return Certificate
- Proper Credential Certificate from any Govt. or Quasi Govt. Department Signed by the competent authority.
  Payment certificate in lieu of credentials will not be accepted.
- A self declaration on a Non Judicial Stamp paper of Rs. 10/-, stating capability of providing all necessary items
  as given in the annexure I as will require from time to time for execution of works maintaining specification.
- An undertaking regarding blacklisting on a Non Judicial Stamp paper of Rs. 10/- as given in the annexure II.
- Details of technical personnel under the incumbency of the Tenderer as per requirement.
- Declaration, stating the fact of having well established Laboratory set up with competent Lab. Asstt. / Engineers as well as the capability of setting up Field Laboratory at site as per requirement.
- In case of Partnership Firm / Registered Company, the intending Tenderers are requested to submit the copy of
  the DEED of Partnership / relevant document in support of proof of so.
- Earnest Money: Scanned copy of the GRIPS payment challan should be uploaded in the folder of technical bid.
  Payment made otherwise will be rejected.
- Bank Solvency Certificate-Current Date-Banker’s certificate (not less than 15lakh) in support of financial
  capability.

Agreement: The Successful Tenderer, herein after called the Contractor, will have to execute an
agreement within 6 (six) days on a Non Judicial Stamp as per rules, and shall have to purchase
two sets of Tender Documents from this office. Price per set of tender document is as mentioned in
Annexure. The same documents are to be submitted to this office duly signed by the tenderer. This will be
treated as part of the Agreement.

Penalty: In the event of failure to execute formal tender agreement within the allotted time the
agency/Contractor/Tenderer will be liable for penalty. The Earnest Money deposited by the Agency/Tenderer
will be forfeited & debarred to participate in any Tender Works by the Directorate of Forests, West Bengal for
a period of 5(Five) years. Failure to execute proportionate work within proportionate time, the agency will be
liable of penalty as per rules.

Acceptance: This Jalpaiguri Division authority does not bind himself to accept the lowest offer and
reserves the right to accept any offer and to reject any/all the offers without assigning any reason.

Labour Welfare Cess: At the time of payment of the bill to the working contractor @ 1.00% (at the rate of One percent) Labour Welfare Cess should be deducted from the bill.

Necessary Deduction: GST, Income Tax etc. will be made as per Govt. norms, the 2% Earnest Money will form
part of the Security Deposit & reaming 8% security money should be deposited to this office as and when will
be asked.

Terms and Conditions

- The contractor shall maintain the energized fencing at his own expenses for a period of one year from the date
  of completion of the work.
- Work order will be issued subject to the approval of the competent authority.
- No material will be issued to the agency for the works.
- Rate should be quoted on percentage basis & the name of the bidder should be clearly written in the BOQ.
- The Security Deposit money of successful bidders will be released after six months if the bid is balanced. In case
  of imbalanced bid Security Deposit money will be released after 1(one) year & have to be deposited additional
  10% as Security money.
- The intending Bidders must inspect the site condition before quoting their rates.
- All the related documents are to be produced IN ORIGINAL to this office as and when will be asked.
➢ All hard copies of the uploaded documents should have to be submitted by the successful bidder before issuing of Acceptance Letter.

➢ Payment will depend on availability of fund and no claim whatsoever will be entitled for delay of payment, if any. Intending tenderers may consider these criteria while applying for permission and while quoting their rates.

➢ Tenders for any supplementary item of work not provided in the estimate but finding a place in the Schedule of Rates will be subjected to be same percentage reduction/increment in rates i.e. applicable in the original tender.

➢ All the Intending Tenderers are requested to visit the sites of works prior to the submission of Tender at their own effort and interest

➢ In case of any day, meant for this tender (Only Bid Opening), appears to be an unscheduled holiday, the next working day will be treated as scheduled / prescribed day for the same purpose.

➢ Bid Validity 120 days after submission of bid.

➢ No preconditioned tender will be accepted.

➢ All the rates of works are inclusive of all taxes, cess, levy, royalties, transportation, loading, unloading, stacking etc including all other incidental charges therein.

➢ Successful tenderers will be required to produce valid Registration Certificate & Labour Licence from respective Regional Labour Offices as per current Labour Regulation Act.

➢ Escalation claimed by the Agency will not be entertained by Authority.

➢ The authority reserves the right to accept or reject any or all the tenders without assigning any reason. And the right to add alters or deletes any of the conditions & terms, laid above, is also reserved.

➢ In case of inadvertent typographical mistake found hire in the specific price schedule of rates, the same will be treated to be so corrected as to conform to the prevailing relevant schedule of rates and/or technically sanctioned estimate.

➢ Jalpaiguri Division does not take any responsibility for the delay caused due to non-availability of internet connection traffic jam etc. for the online bids. Both the Contractor and the employer have agreed that it is not feasible to precisely estimate the amount of losses due to delay in completion of works and the losses to the public and the economy, therefore, both the parties have agreed that the Contractor shall pay liquidated damages to the Employer and not by way of penalty, at the rate per week or part thereof stated in the Contract Data for the period that the Completion Date is later than the Intended Completion Date. Liquidated damages at the same rates shall be withheld if the Contractor fails to achieve the milestones prescribed in the Contract Data. However, in case the Contractor achieves the next milestone the amount of the liquidated damages already withheld shall be restored to the Contractor by adjustment in the next payment certificate. The employer and the contractor have agreed that is a reasonable agreed amount of liquidated damages and the total amount of liquidated damages shall not exceed 10% of the contract price. The employer may deduct liquidated damages from payments due to the contractors. Payment of liquidated damages shall not affect the contractor’s other liabilities. If the Intended Completion Date is extended after liquidated damages have been paid, the Engineer shall correct any overpayment of liquidated damages by the Contractor by adjusting the next payment certificate.

➢ Any concealment of fact will be seriously viewed and all tender papers submitted by the agency will be treated as Informal & his/her earnest money will be forfeited.

➢ The Intending bidders should clearly understand that whatever may be the outcome of the present invitation of bids, no cost of bidding shall be re-imburased.

➢ If any tenderer withdraws his offer before acceptance or refuse without a reasonable time without giving any satisfactory explanation for such withdrawals, his earnest money shall liable for forfeiture and shall be disqualified from submission tender in this office for a minimum period of 1 (one) year.

Guiding Schedule of Rate & Supplementary Items of works :-

Building and S&P Works

PWD Schedule of Rates for Building and S & P works (2017). w.e.f 01-11-2017

3
N.B. A bid for which quoted percentage rate, is lower than 20% of the provided price schedule rate, the bid will be considered as balanced bid. Moreover no bid will be accepted for which quoted percentage rate is above than 1% of the provided price schedule rate. Additional performance security for unbalanced bid has to be deposited at the time of executing formal agreement @ 10% of the tendered amount.

A self declaration on a Non Judicial Stamp paper of Rs. 10/-, stating capability of providing all necessary road/building construction machineries such as Vibratory Roller, Tandem Roller. Concrete Vibrator etc. & necessary Laboratory equipments such as different size of Sieves, Modified Proctor Device, Cubes etc. as will require from time to time for execution of works maintaining specification.

The Hard copies of all uploaded documents of all the bidders should have to be produced to the under signed as and when will be required.

N.B.: This Notice may be seen on Website: www.wbtenders.gov.in

No. 154/2-97(A)

Copy forwarded for kind information to:

1. The Chief Conservator of Forests, Northern Circle West Bengal

(Mridul Kumar, IFS)
Divisional Forest Officer, Jalpaiguri Division, West Bengal

Dated: 16/01/2020

(Mridul Kumar, IFS)
Divisional Forest Officer, Jalpaiguri Division, West Bengal
ANNEXURE-1
DECLARATION

(To be executed on Rs. 10/- non Judicial Stamp paper and duly notarized)

Date:

To,
The Divisional Forest Officer
Jalpaiguri Division
Jalpaiguri - 735101

Sirs,

1. I/We, the Bidder's aforesaid do hereby state that, I/We have read the entire terms & conditions of the tender understood them fully. I/We, hereby unconditionally agree to conform with and to be bound by the said terms & conditions and agree to take part in the Online Tender.

2. I/We declare that the EMD and other deposit towards quoted ret were made by me/us as against my/our bid and that the particulars remittance given by me/us in the bid form is true and correct.

3. I/We further declare that the information revealed by me/us in the bid document is true and correct to the best of my/our belief. I/We understand and agree that if any of the statement/information revealed by me/us is found to be incorrect and/or untrue, the bid submitted by me/us is liable to be cancelled and in such case, the EMD paid by me/us is liable to be forfeited by you and you will be at liberty to annul the offer made by me/us at any point of time.

4. I/We also agree that after my/our offer given in my/our bid for tender is accepted by you and I/We fail to accept or act upon the terms & conditions of the tender or am/are not able to complete the work within the time limit specified for any reason whatsoever and/or fail to fulfill any/all the terms & conditions of the bid and offer letter, the EMD and any other monies paid by me/us along with the bid and thereafter, are to be forfeited.

5. I/We understand that in the event that the successful Bidder fails to comply with the Terms & Conditions of the Tender and you on your sole discretion offer the works to me/us to our highest offered bid then I/We are unconditionally bound to comply with the Terms & Conditions of Tender. And in the event of I/We failing to comply with the same, I/We agree that you are entitled to forfeit the EMD deposited. I/We also understand that the EMD of all Bidders shall be retained by you and return only after the successful conclusion of the tender of the works. I/We state that I/We have fully understood the terms & conditions therein and agree to the bound by the same.

6. The decision taken by you in all respects shall be binding on me/us.

7. I also undertake to abide by the additional conditions if announced during the tender including the announcement of correcting and/or additions or deletions of terms being offered for tender.

| (i)   | Energizer IGB-1200 with stand by Energizer. The Energizer must have the following mentioned on it: Energizer Model No. Energizer Sl. no. IP rating Supply voltage and type LED indicator for Energizer and Fence status Switch to operate the Energizer a) Power Settings: High, Medium and Low b) Color coded terminals to facilitate correct connection Technical parameters:  
I) Peak Voltage on 50K must not exceed 10KV load in High mode  
II) Out Energy must not exceed 6.5Joules with 1K load in High mode  
III) Peak output voltage with 1K load not exceed 8KV in High mode  
IV) Pulse duration with 1K load not exceed 3.0m Sec in High mode  
V) Pulse interval with 1K load must be within 2Sec in High mode Remarks:  
· Should be according to IS 302 Based on IEC 60335.  
· Manufactures Test/QC divisions report must be provided for the same sl. No.  
· Manual must be provided Rate Analysis – Energizer IGB-1200 Powered up to 5000Meter of multi strand fence. Heart of the Power Fence which timed interval of 1.2seconed. The duration of impulse is 0.3ms, thereby making | M'ere | 10000 (Ten KM) | 256.00 | 2560000.00 |
it fully nonlethal. These regulated HV (5KV -10KV) Impulse are connected to the fence rows/lines/strands through specially manufactured lead-out cable.
1. Battery Maintenance free 150Ah, 12V
   a) 12 Volts, 150Ah tubular plate, flooded electrolyte, low
      a) Maintenance battery with 3 year warranty (EXIDE HEAVY)

(ii) Solar PV Module 120W, 12V
    120 Watts, 12 Volts rated with 10 year 10 year warranty against Manufacturing/ performance defects.
The terminal should have a Provision of opening it for replacing the cable, if required.
Module shall contain crystalline silicon solar cells.
Minimum Power output STC Should be 37W.
Operating voltage at 37/110 watts should be 16.4V.
   • Minimum O/C voltage under STC should be 21.0V. on the SPV module, a strip containing the following details should be laminated as so as to be clearly visible from the front side.
   • Name of the manufacturers or distinctive Logo Model and/ or Type No. Serial No.
   • Year of manufacturing
   • MNRE approved make
   • Charge regulator must be provided Rate Analysis – Conventional power generated to charge the battery.

(iii) Double Insulated Lead out Cable •
Must be double insulated to withstand upto 15KV voltages.
   • Inner core wire must be single core.
   • Fully capable for under ground layout.
| (iv) | Lightening Diverter Kit  
|      | • Must be capable of diverting of  
|      | stray lightening. The diverter assembly  
|      | Must be adjustable for spark gaps.  
|      | Must have good insulations.  
|      | Must be installed with proper earthling  
|      | arrangement. |
| (v)  | Super Earth Kit  
|      | • Each earth kit must min 4 feet long  
|      | with 10mm dia stainless steel  
|      | Rod IS 304 grade the kit must contain  
|      | earth mixture powder of 15 Kg  
|      | Which is capable for retain moisture in  
|      | all season. Duly packed in a  
|      | Cotton bag to hold the rod in proper  
|      | position to carry moisture. |
| (vi) | DVM  
|      | • Fence monitoring tools display fence  
|      | digitally up to 12 KV.  
|      | Auto ON/OFF switch should activate  
|      | when fence pulse is  
|      | Detected. Body must be electric  
|      | resistant, waterproof with  
|      | Impact resistant case.  
|      | • Must displays fence voltage in 100V  
|      | increments under 10 KV and in  
|      | 1,000 V increments, from 10KV to  
|      | 12KV. |
| (vii) | Neon Tester  
|      | • Fence monitoring tools. Must be  
|      | with 5 Neon lights measuring the fence  
|      | For excellent, very good, good, poor  
|      | and not working grading.  
|      | • Should be made of tough and  
|      | durable plastic |
| (viii)| Rope Gate Kit  
|      | • Used in gate  
|      | • Insulated handle with spring, anchor  
|      | and steel rope  
|      | To carry power when gate handle are |
required to close.
  - Each gate required 4 set of gate handle.

(ix) High Tensile Wire 2.59 HDG
  - High tensile wire 2.59mm dia galvanized steel wire with minimum of 230gms zinc coating (Zn purity above 99%) / sq.m of the surface area of wire.
  - UTS 140.5Kg/mm2. Break strength of 740kgs. Approved make. Technical Analysis: Each 1Kg of HT wire run up to 20MT. Each elephant toupee takes 0.4kgs
HT wire

(x) 14G binding wire HDG • With high quality zinc coating 160gms coating (Zn purity above 99%) / sq.m of the surface area of the wire. For binding of PP Reel Insulator.

(xi) PP Reel Insulator
  - Must be of virgin plastic materials. Designed of rain-water run-off Type. Withstand upto 15 KV voltage.
  - Should be UV stabilized.

(xii) Super Strain Insulator • Must be polycarbonate material and should with stand up to 15 KV voltage.
  - Rain-water run-off should be provided on the insulator. Should be UV stabilized.

(xiii) Wire Tight'ner • Made of non rusting Aluminum alloy for proper tightening and Tensioning of wires stand.
  - Should have multiple lock points. Must be with locking clips

(xiv) Tension spring • Made of spring steel and capable of taking compression loads.
  - Must be with HDG finish (Zinc coating more then 60 microns)
